

## TAB 1 – Capital Works Project

*Above image: Existing site of Terrigal PS with proposed location of new building in yellow (Indicative perspective only).*

### Project overview

The Department of Education (DoE) is in the process of redeveloping Terrigal Public School to improve facilities and cater to the current and projected growth in the Central Coast LGA, as well as the broader Hunter region.

The project involves:

- removal of demountable teaching spaces to provide more continuous open outdoor play space
- provision of new future focused teaching spaces
- upgrade of some existing core facilities

The project is due for completion in 2021.

A Project Reference Group (PRG) was formed in October 2016 to commence the planning and design process. The PRG consists of members from the DoE, the school, and the P&C. Meetings have since been held monthly to ensure the proposed design considers the requirements of all users and meets education needs.

A preferred concept design has been developed and agreed upon by the PRG. The design meets all key drivers of the project brief and maximises the potential use of the site.

## TAB 2 – Project update

The project has completed the concept design phase and the business case has now been approved by NSW Treasury.

All relevant site surveys and assessments have been carried out and will assist the project design team to develop the schematic design.

An Education Specialist has been engaged to develop the Education Model. The Education Model will consider the schools' pedagogy and assist the design team to further progress the schematic design.

### July 2017 Project update

#### Progress summary

- Project announcement and business case approval
- Development of the schematic design
- Engagement with the local council to enable an efficient and informed approval process
- Change workshops with teaching staff to provide holistic insight into integrating new future focused teaching and learning methods

#### Next steps and key events

- Community engagement to commence in July 2017
- Continuation of the project's schematic design
- Progress with local authority approval
- Coordination meetings to inform the construction methodologies and demountable building movements
- Information booths will commence at the school and within the local community

#### How to stay informed

- Updates and further information about the project will be published in school newsletter and on this website.
- Future engagement opportunities for the school community and local residents will be advised on this website.
- Notifications will also be placed in the local newspaper about upcoming information booths at Erina Fair Shopping Centre.

## TAB 3 – Community engagement

As part of the Department of Education's commitment to genuine engagement, we ensure that there is a rigorous engagement program. As the project proceeds, we will engage with the school and the community in the following ways:

### Information booths

Information booths are scheduled to encourage ongoing school and community engagement and feedback.

To find out more about the upgrade, please visit the information booths at either of the following locations:

Terrigal Public School information booths (located at school entry):

- Friday, 28 July 2017, 8:30am-9:30am
- Friday, 25 August 2017, 8:30am-9:30am
- Monday, 11 September 2017, 2:30pm-3:30pm
- Tuesday, 10 October 2017, 8:30am-9:30am
- Friday, 24 November 2017, Time to be confirmed
- Thursday, 14 December 2017, Time to be confirmed

Community information booths at Erina Fair Shopping Centre:

- Friday, 25 August 2017, 11am – 1pm
- Monday, 11 September 2017, 11am – 1pm
- Tuesday, 10 October 2017, 11am – 1pm
- Friday, 24 November 2017, Time to be confirmed
- Thursday, 14 December 2017, Time to be confirmed

Please check this page for regular updates.

### Community notices

Notifications in the local newspaper will be used to inform the community of upcoming Information Booths and details of the online survey.

### Online survey

An online survey has been established to obtain feedback from members of the school and the broader community who are unable to attend any of the information booths. You can complete the survey via the [Survey Monkey website](#).

### Community representatives

A member of the Parents and Citizens Association (P&C) is a valued non-technical stakeholder of the Project Reference Group (PRG). The P&C representative is a great conduit for the transfer of information to and from the parents and community.
